

Greetings from AmCham!

On **September 25, 2018**, we will be holding the **2018 AmCham Talent Summit** in **Makati Diamond Residences, 8am-6pm**.

This year's Talent Summit – with the theme “Humanizing the Workplace” – aims to: (1) underscore the importance of people as a resource, and tackle issues like decent work, job security, wages, physical and mental workplace conditions, etc.; (2) look at the existing human-related workplace issues from global to local setting; and (3) participate in discussions and formulate policy and advocacy suggestions moving forward.

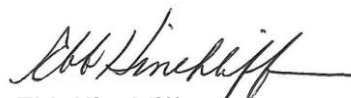

We are targeting more than 100 attendees, representing a multicultural audience of business executives, human resource heads, wellness advocates, medical practitioners, government, educators, students, research institutions, and companies of all stages or sizes.

In this regard, we would like to invite you to partner with us as a **SPONSOR** for this event.
